

Edward H. Brown of Salem Mass. claimed to have been a student of Freeman B. Dowd, and the book "Temple of the Rosy Cross" is claimed to have been a speech by Dowd, under inspiration in Texas. Dowd's esoteric name was Rosicruciae. Mrs. Freeman B. Dowd died Nov. 1 1910 age of 82 According to Ed. H. Brown excerpts from his letter to Dr. Plummer/Kheil also known as Mr. Marston when he corresponds unofficially. "You understand in our Society a Master is not appointed, elected or selected. He must qualify to the one who precedes him by tests that may not be other than absolute. For instance as the bible maintains there is a name given and one must be given from the members of the Fourth Degree in the Invisible World. Knowledge that can come in no other way to a human being and the Old Master knows and awaits the initiative from the neophyte on these points. Here is a letter which made Mr. Brown Grand Master of the Rosecrux.

" Much beloved brother;

The time has come when I must retire from the office of Grand Master of the Rosecrux to take up that of Supreme High Priest-which office has had me incumbent since the trans- ition of our Brother Pascal Beverly Randolph-and in doing this, it is my wish and pleasure that you take upon yourself the duties of Acting Grand Master of the Rosecrux-wherever it may be found in all North America To establish-to teach to enforce the Laws and build the Temple"not made with hands"as the Spirit may direct.

The office of High Priest- as you must be aware, is advisory to your office-and receptive of the laws from the Hierarchies-from whence comes all wisdom and success

Truly yours

F.B.Dowd A.G.M.

The Rose Cross Order was originally planned in the the nature of a Fraternal Benefit Association from which members would work into the Temple of the Rosy Cross and later into the Temple of Eulia solely upon their merits as recognized and designated by the Invisible Brotherhood. P. B. Randolph took out charters several times for the Rose Cross Order but they broke up through selfishness and personal jealousies. Brother F.B.Dowd carried on the work of the Temple of the Rosy Cross from an early date. Our members have sworn secrecy as to the personnel of the Fraternity and as to the contents of manuscripts sent them. Mostly they work alone take their degrees alone and climb the mount alone, for their degrees come from the invisible spiritual organization At such times they send me reports of occurrences or conditions by which I know just what recognition is given them from the invisible brotherhood, and I then release to them sufficient further instructions to enable them to make closer the union between themselves and the invisible Brotherhood. The nearer they come to the Center the closer they come to each other. A man may reach attainment of high degree and make his union with the invisible Brotherhood without joining any society but each always recognize each other and they always receive the same keys. A Concordat from the Magi of the High Council of the Societal Rosicruciana in America and the Hierarchy of Eulis of the Temple of the Rosy Cross be it known that the Temple of the Rosy Cross is held by the Societas Rosicrucian in America to be a true and lawful Rosicrucian Foundation, of which ### Beverly Randolph

Pascal was the first Grand Master, succeeded by Freeman B. Dowd(Rosicruciae) and he in turn by the present Grand Master Edward H. Brown(Eulis)

In the Temple of the Rosy Cross there are three degrees the first when clean evidence of the development of a nervous system capable of psychic expression is proven, the second degree when it is clear that the neophyte has burnish steadily in his breast the fire of Love, the third when they come in touch permanently with the Invisible Brotherhood and by then are given a name and token to submit to the Grand Master, who will know and be able to place them according to the Divine Order, and direct their work accordingly.

The Temple of Eulis is where they learn to build and round out their spiritual bodies how to separate the astral and etherial bodies and to control them on their visits to interior planes, they learn to expand their consciousness to cover#####the earth or to reduce it to a size below the reach of the microscopic how to project bodies suited to the world they wish to ##### visit #####  
Mr. Brown is known to all but a few as the Unknown Master.

Eulis esoteric name is the name of a Brotherhood in the Spaces into which some here are initiated and earn certain names, places and positions.

Pascal B. Randolph is known (esoteric name) as Hierarch of Eulis.

I am the Price of Eulis when #####I am not Edward Brown, though I sign Eulis, meaning the Brotherhood for which I speak. I finished the the ten degrees
